## Digital Edge Poly "The Rugged Paper"

This sheet produces beautiful permanent images that last even in the harshest environments. Gone are the days when paper had to be laminated to hold up in the harshest of outdoor environments. Digital Edge Poly is tear resistant and doesn't require laminating to stand up to water, grease or chemicals.

Digital Edge is a premium polyester based synthetic that combines extreme strength, flexibility, print quality and durability. Perfect for menus, maps, ID cards, tags, outdoor signage, etc.
